Ready to Transform Your Legal Workflow?

Check out DozieLaw: The Ultimate AI Scribe & Legal Document Preparer!

DozieLaw™ | Product Fact Sheet

DozieLaw™ is a **lightweight, engine but enterprise-grade, secure AI-augmented legal operations** ecosystem; built to optimize legal documentation workflows for self-represented litigants, small firms, solo practitioners, and high volume practice groups; to automate routine legal workflows, accelerate document generation, and maintain audit-ready records. By capturing live legal narratives and instantly structuring them into polished, court-ready documents, DozieLaw™ eliminates the administrative burden of manual typing, dictation, and after-hours research—restoring critical billable time to legal practitioners.

Core Capabilities & Features

- **Real-Time AI Scribing:** Captures and structures client-attorney conversations live, completely eliminating manual transcription and dictation overhead.
- **Specialty-Aware Generation:** Understands the nuanced context of different practice areas to generate highly accurate, professional legal notes and documents in seconds.
- **Automatic Research & Citations:** Delivers swift, consistent analysis by matching the facts in a client's narrative directly with defensible legal frameworks and landmark case references.
- **Human-in-the-Loop Control:** Built entirely around a human-in-the-loop review dashboard, allowing lawyers and self-represented litigants to inspect and refine text before exporting a polished PDF.

Target Beneficiaries

- **Solo Practitioners & Boutique Law Firms:** Eliminates the need for expensive transcription services or administrative staff, enabling lean practices to compete with enterprise-level output speed.
- **Boutique & Mid-Market Litigation Firms:** Drastically reduces the time spent compiling case files, drafting pleadings, and compiling client narrative facts for deposition preparation.
- **High-Volume Practice Groups (Personal Injury, Criminal Defense, Family Law):** Optimizes workflows for firms handling heavy consultation volumes, where rapid client intake documentation and fast-turnaround case filing are essential.
- **Self-Represented Litigants:** Offers structured guidance and documentation support for underserved individuals navigating court systems.
- **Corporate Legal Departments:** Accelerates internal compliance reviews and third-party contract assessments while lowering outside counsel spend on routine administrative prep.
- **Legal Operations Directors & Managing Partners:** Grants complete oversight over documentation standards and regulatory compliance while expanding firm profitability and eliminating attorney burnout.

ESG Impact Statement

DozieLaw™ strengthens Environmental, Social, and Governance (ESG) outcomes by modernizing legal access, reducing systemic inequities, and elevating ethical operational standards across the justice ecosystem. Its architecture and mission directly support community resilience, responsible governance, and long-term societal well-being. DozieLaw™ advances ESG priorities through:

- **Social:** Expanded legal access, reduced inequities, improved community resilience
- **Access to Justice Expansion** — Provides court-ready documentation to individuals who cannot afford legal representation, increasing fairness in legal outcomes.
- **Equity for Vulnerable Populations** — Supports immigrants, domestic violence survivors, low-income families, and disabled individuals with structured legal narratives.
- **Governance:** Ethical AI, compliance alignment, secure data stewardship
- **Regulatory Compliance Alignment** — Produces documentation that adheres to court workflows, statutory requirements, and professional standards.
- **Environmental:** Paperless workflows, reduced travel, efficient digital infrastructure

These outcomes position DozieLaw™ as a **justice-focused ESG innovation**, capable of transforming how communities interact with legal systems while reinforcing responsible, transparent, and sustainable operational practices.

The Operational Impact

- **70% Reduction** in turnaround times for contract and case document preparation.
- **15+ Hours Saved** per attorney every single week on administrative overhead.
- **100% Alignment** with rigorous legal standards, court workflows, and regulatory compliance.

Enterprise Security & Data Privacy

Confidentiality and attorney-client privilege are engineered into the foundation of DozieLaw™:

- **Zero Model Training:** Proprietary client data is never used to train public or commercial AI models.
- **Bank-Grade Encryption:** Protected with AES-256 encryption at rest and TLS 1.3 encryption in transit.
- **Isolated Data Tenants:** All files are processed inside dedicated, separate cloud environments to prevent cross-contamination.

Trust Indicators

- ✓ **200% Faster Case & Client Documentation** — Real-time scribing and structured generation deliver unprecedented speed.
- ✓ **AI-Driven Precision & Consistency** — Every document reflects specialty-aware legal intelligence with near-zero variance.
- ✓ **ESG-Aligned & Community-Impact Focused** — Designed to expand legal access while reducing environmental and social inequities.
- ✓ **Enterprise-Grade Security Architecture** — AES-256 encryption, isolated tenants, and hardened cloud infrastructure.
- ✓ **Compliance-Aligned Intelligence** — Built to mirror court workflows, statutory requirements, and professional legal standards.
- ✓ **Zero Data Retention** — DozieLaw never stores, trains on, or reuses client data—your confidentiality remains absolute.
- ✓ **In-house CISO-Verified Confidentiality, Integrity & Availability** — Independently validated protections ensure end-to-end trustworthiness.
